STRENGTHS & STRATEGIES

Strengths

1 Experienced and Qualified designing, engineering and execution team

- As on Sept. 2024, the Company has a team of **155** in-house as well as on retainership basis, **experienced and qualified engineers, architects, designers and project management professionals**, to undertake critical aspects of projects such as designing, shop drawings of the projects, resource planning & procurement of materials, project execution, final walkthrough & handing over the projects and providing post project support.
- **Diverse capabilities** to offer **customised solutions** to meet the specific requirements and address client specific challenges varying from one industry to another.
- The team has the **necessary skills and expertise** in preparing detailed drawings through **softwares** such as ZW CAD, 3DS Max, Corona, Sketchup and Vray based on the design requirements of the clients and project in-charge is responsible for conducting **regular inspection and tests** at every project site.
- In fiscal 2022, 2023, 2024 and six-months period ended September 2024, the Company has handed over **202 projects** with total area development of **46,01,330 Sq. Ft.**

2 Proven track record of diversified service offerings encompassing a wide range of industries

- A track record of successfully delivering interior solutions, including **turnkey projects** requiring designing and complete contracting and building assignment, to a **wide range of industries**, such as information technology, manufacturing, banking, financial services, insurance services, pharmaceutical and healthcare, FMCG, oil and gas, educational institutes, real estate & infrastructure development and renewable energy.
- **Diverse client base** helps **mitigate the risk associated with economic fluctuations** in specific sectors. Relying on a single industry for business can be risky, as economic downturns or industry-specific challenges may impact a Company's revenue.
- **Diversified portfolio** showcases the **competence** across different styles and project types, which **attracts new clients** who are looking for a proven track record in various industries.
- In the last 3 financial years and six month period ending on September 30, 2024, the Company has developed projects ranging from 1,247 Sq Ft to 6,91,231 Sq Ft for **253 projects including ongoing projects** with **total developed area of more than 80 lakhs Sq Ft**, demonstrating versatility and market adaptability.

Strengths

3 Adhering Quality Standards and Sustainable Development Practices

- The Company has an ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certified organization for Quality Management System.
- The Company is a **founding member of the IGBC** (Indian Green Building Council), which is actively involved in promoting the green building concept in India and have obtained platinum and gold "LEED" certifications for some of the projects developed for the clients. Such projects include passive features, such as ventilation to ensure low energy consumption, use of recycled and environmentally friendly materials and indoor plantation, amongst others.
- Helps the Company tap into valuable networks and resources within the industry and ensures repeat orders and helps to spread the recognition by word of mouth

4 Strong footprint at key economic hubs in India

- The Company has **presence across major economic and financial centres** across India i.e. Mumbai, Bengaluru, Hyderabad, Pune, NCR, Chennai, Ahmedabad and Bhopal.
- The Company's woodwork is conducted at its **manufacturing facility located in Mumbai** supported by its **warehouses located at Mumbai, Pune and Bangalore**.
- The Company has **executed projects in tier-2 cities** such as Indore, Bhopal, Vadodara, Tirupati, Udaipur and Goa.
- Combined resource pool and outsourcing arrangements have helped the Company stretch its **operations across India** and recently expanded its **operations internationally** through one of its subsidiaries, Eleganz Infra & Projects Limited, located in Republic of Rwanda and associate company, Eleganz Interiors Pte Ltd., located in Singapore.
- **Experienced Workforce and Sales Personnel** located across various regions, possess industry knowledge that, when integrated with the design and project management capabilities, enables the Company to offer clients **robust and effective solutions**.

Strengths

5 Strong and Diversified Order Book & In-house woodwork facility

- As on December 30, 2024, the Company has **47 ongoing projects**, which **include 8 projects under D&B** and **39 projects under GC services**, having **total project value of ₹ 70,589.66 lakhs** and **unexecuted order value of ₹ 43,486.33 lakhs**, which also includes a large project under our Design and Build services worth ₹ 15972.15 lakhs and under Our general contracting services worth ₹ 18808.45 lakhs
- **Diversification** within the Order Book, including a mix of clients, projects and industries, **helps mitigate risks** associated with dependence on a single client or sector. This also helps the Company to **reduce vulnerability** to market specific challenges.
- The **dedicated woodwork factory in Mumbai** allows a controlled and optimized supply of required fitouts for the projects, as per requirements, which leads to **increased efficiency and precision** in the **project execution process** by ensuring woodwork is of **high quality and meets exact specifications** of the clients.
- With **advanced imported machinery**, including hot/cold press machines, moulding and designing machines, automatic and CNC cutting machines, sanding machines, paint booth coupled with skilled craftsmen, the Company is **able to deliver consistent & aesthetic design and customized projects** catering to precision and unique client requirements.

6 Experienced Promoter and Senior Management Team

- **Highly experienced and capable leadership team**, spearheaded by **Promoter and Managing Director, Sameer Akshay Pakvasa,** a second-generation entrepreneur with over two decades of experience in the interior fit-out solutions industry. His **deep understanding of the business and market dynamics,** combined with his **strong leadership** abilities, has been pivotal.
- Leadership of **Whole Time Director, Mayank Kumar Sharma**, a **dynamic and accomplished professional** with a **rich experience of 13 years** in corporate interior and design fit-out solutions, project management and leadership. His proven track record of effectively leading teams and fostering continuous growth has been instrumental.
- Senior management team consists of **well-qualified and highly experienced professionals** across various domains, including project execution, finance, sales and business development.

Strategies

Efficient working capital management and increase financial efficiency

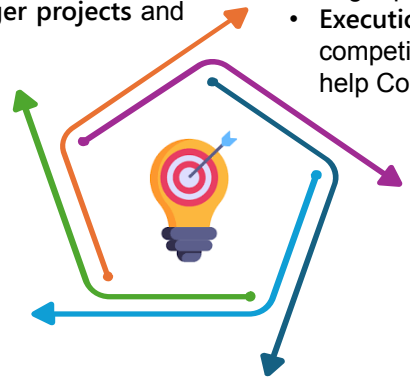
- The Company intends to maintain **operational efficiency** and **profitability** by **timely collection of receivables** and **negotiating favourable payment terms with suppliers**.
- It intends to **utilize part of the net proceeds** from the Issue towards financing its working capital requirements, which can further **expand business operations**, **take on larger projects** and **grow** the **Order Book position**.

Increasing the size of projects and prequalification to bid for larger projects

- Company's primary focus is to strengthen its prospects in executing larger sized projects under D&B capabilities.
- Intends to **capitalize on the experience and project execution expertise** and continue to selectively pursue larger projects.
- **Execution of larger-sized projects** provides an edge over its competitors, favourable margins, economies of scale and help Company to bid for larger projects.

Continue to enhance core strengths by attracting, retaining and training qualified personnels

- The Company seeks to **improve competitiveness** by increasing its **focus on training** its staff.
- The Company offers designing, engineering and technical personnel a wide range of work experience and learning opportunities by providing them with **continuous training in latest systems, techniques and knowledge upgradation**.



Focusing on Client Centric Approach

- The Company caters to clients from **diversified industries** and to deliver client specific requirements.
- The Company constantly study the **latest trends, design, fashion, materials and technology** in the industry in which the clients belong in order to **differentiate from its competitors** and **enjoy competitive edge**.

Expansion of geographical footprint

- The Company intends to gradually expand its business operations to other regions of the country by **opening branch offices in high-potential cities to better serve local clients** and establish **deeper connections with regional stakeholders**.
- It **evaluates new locations** for potential branch offices and project sites based on economic indicators, client requirements, and industry trends.
