Design & Build Services

ELEGANZ INTERIORS LTD. SINCE 1988

End-to-End Turnkey Execution
Robust Quality & Safety Standards
Timely Delivery with Cost Efficiency
Strong Focus on Brand Identity & Aesthetics

Our Design & Build capabilities strengthen client value proposition while contributing higher margins to overall business.

Design & Build (D&B) vertical provides end-to-end interior and fit out solutions, offering clients a single-block costing from conceptualization to project handover. We begin with conceptual design, working closely with clients to align designs with current trends and their unique expectations. For commercial spaces, our focus is on enhancing brand identity through thoughtful design.

What We Deliver:

Comprehensive Scope: Designing, detailed shop drawings, resource planning, procurement, execution, final walkthrough & post-project support.

Space Planning: Prioritizing efficiency + aesthetics to create cohesive, functional environments.

Our project management framework integrates budgeting, scheduling, risk management, and transparent communication to ensure on-time and within-budget delivery.

Finally, during execution, our skilled craftsmen and quality materials, coupled with strict supervision and safety protocols, guarantee successful project outcomes with lasting value.

General Contracting Services

General Contracting (GC) services delivers comprehensive interior and fit out solutions, Client appoints designer; company executes on item-rate (BOQ), covering the full spectrum of civil, mechanical, electrical, and finishing works. We take ownership of the project lifecycle — from core construction to the final detailing — ensuring efficiency, safety, and quality.

Core Offerings:

Civil & Interior Works: Plumbing, POP, painting, carpentry, and polishing.

Mechanical & Electrical: Including HVAC design & installation, electrical systems, and lighting solutions.

Final Refinements: Complete finishing touches for whole or part of the project.

Our interior space planning begins with detailed client analysis to optimize form and function. We create layouts that balance utility with aesthetics, complemented by customized furniture solutions that enhance design language while meeting functional needs.

Value-Added Solutions:

Finishing & Decor: High attention to detail in delivering refined interiors.

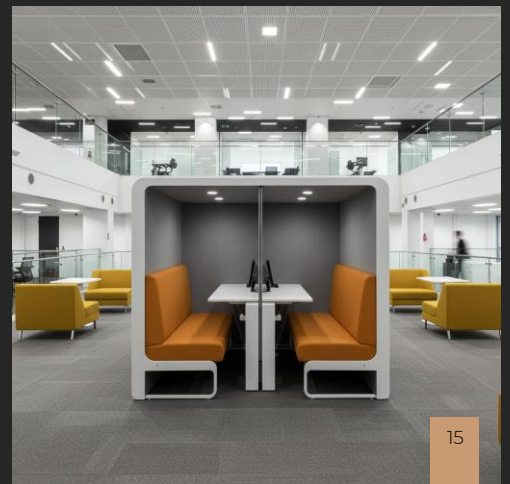

Safety & Sustainability: HVAC, plumbing, sanitary, and fire protection systems designed for durability, efficiency, and occupant safety.

Technology Integration: Audio-visual & IT services to create smart, future-ready spaces.

From conceptualization to execution, our GC services push design boundaries while maintaining strict quality standards, ensuring every project reflects excellence, safety, and innovation.

Strengths

ELEGANZ INTERIORS LTD.
SINCE 1988

Pan-India Presence with Global Reach

Our presence spans India's key hubs—Mumbai, Bengaluru, Hyderabad, Pune, NCR, Chennai, Ahmedabad, and Bhopal—with execution in tier-2 cities like Indore, Vadodara, and Goa. Internationally, we operate through subsidiaries in Rwanda and Singapore, making our model scalable across geographies

Backward Integration Advantage

With our Mumbai factory and skilled craftsmen, we produce modular and customized furniture, panels, doors, and CNC grills in-house. This ensures precision, cost efficiency, and superior quality, backed by a 5-year warranty that reflects our commitment to durability and customer satisfaction.

Experienced and Qualified Team

We have 155+ in-house and retainership engineers, architects, designers, and project managers. With expertise in design, shop drawings, procurement, execution, and handover, our team ensures quality delivery using licensed software like ZW CAD, 3DS Max, Corona, Sketchup, and Vray.

Proven Track Record

We have successfully executed 695+ projects covering over 80 lakh sq. ft. across diverse industries including IT, BFSI, healthcare, FMCG, and real estate. Project sizes ranged from 1,247 sq. ft. to 10+ lakh sq. ft., showcasing versatility and market adaptability.

Commitment to Quality & Green Practices

We are ISO 9001, 14001, and 45001 certified and a founding member of IGBC. Our projects often secure LEED Gold and Platinum certifications by integrating energy efficiency, recycled materials, and green practices. This commitment strengthens client trust and repeat business.

Strengthening Our Edge with High-Value Projects
We aim to strengthen our ability to execute larger Design & Build and General Contracting projects. Recent wins include a ₹1,597 Mn software division project and a ₹1,881 Mn airport renovation. These types of larger size projects enhance margins, scale benefits, and competitive edge.

Client-Centric Approach
We deliver customized fit-out solutions across IT, BFSI, healthcare, FMCG, and more. Our 155+ professionals ensure designs align with client needs, timelines, and global trends, helping us stand apart through innovation, sustainability, and superior quality.

Strategic Expansion Beyond Boundaries
Having executed 695+ projects over 100 lakh sq. ft. across 36+ cities, we are strategically expanding beyond western and southern India. By opening branch offices in high-potential cities, we seek to deepen client relationships and tap into new regional growth opportunities.

Talent as Our Strongest Asset
Our success depends on skilled architects, designers, and engineers. We focus on attracting, retaining, and training talent with continuous learning, exposure to new techniques, and professional growth opportunities, ensuring high-quality project execution.

Strengthening Cash Flow Efficiency
Strong banking arrangements with reputed large private & PSU banks to support in our seamless operations. By optimizing receivables, supplier terms, and cash flows, we maintain financial flexibility, operational efficiency, and a strong foundation for growth.

Strategies

What Eleganz Brings to the Table

ELEGANZ INTERIORS LTD. SINCE 1988

Way Forward

03

Way Forward

Geographic Expansion

International: Established a wholly owned subsidiary to anchor regional expansion, with plans to scale operations across the Middle East; restructuring Singapore entity; and started bidding in international Projects for Design Consultancy

India: Strong presence in Mumbai, Pune, Bengaluru, Hyderabad, Chennai; NCR

1

Data Centers Turnkey Focus

Expanding scope to structural (RCC/shell), landscaping, facade & utilities works, with long-term focus on end-to-end Data Centers turnkey projects, process-driven margin expansion, and international growth (GCC markets).

2

New Factory

Land acquired; setting up a fully automated modular production line, with expansion into soft-suiting (currently outsourced, ~5 – 6% of contract value)

3

Growth & Profitability

Order book (Excluding GST) of ~₹5,468 Mn as on 31st Mar 2026; with ambition to grow; rising share of Design & Build projects expected to further enhance margins (targeting 8–9% EBITDA Margins)

Performance Highlights

04

Management Commentary on H2 & FY26 Results

FY26 has been a defining year for Eleganz Interiors Ltd. While the year began at a moderated pace due to delays in project commencements on the client side, our team demonstrated exceptional operational execution to accelerate momentum in the second half. This robust H2 ramp-up enabled us to comfortably surpass our previous year's benchmarks, closing FY26 with revenues exceeding the ~Rs. 400 cr mark.

A key highlight during the year was the Company's strategic focus on larger and higher-value projects. This calibrated shift in project mix helped improve gross margins, as competition in premium and large-scale projects remains comparatively lower while offering better execution economics and profitability. The management believes this positioning will continue to support margin expansion going forward.

Receivables at the end of FY26 were elevated primarily on account of March being the highest-ever billing month for the Company, with March billing exceeding 40% of H2FY26 revenue. Consequently, year-end receivable levels appeared higher than normal; however, these receivables will normalize over the next 45–90 days in line with standard industry credit cycles.

Looking ahead, the Company remains optimistic about FY27 backed by a strong opening order book of approximately ₹547 cr while our current bidding pipeline stands at approx. Rs 2,600 cr (with 10-15% success rates), providing healthy revenue visibility for the coming year. Supported by a robust pipeline, improving execution momentum, and a favorable project mix, we expect to deliver revenue growth of around 25–30% in FY27 while maintaining EBITDA margins in the range of 8–9%.

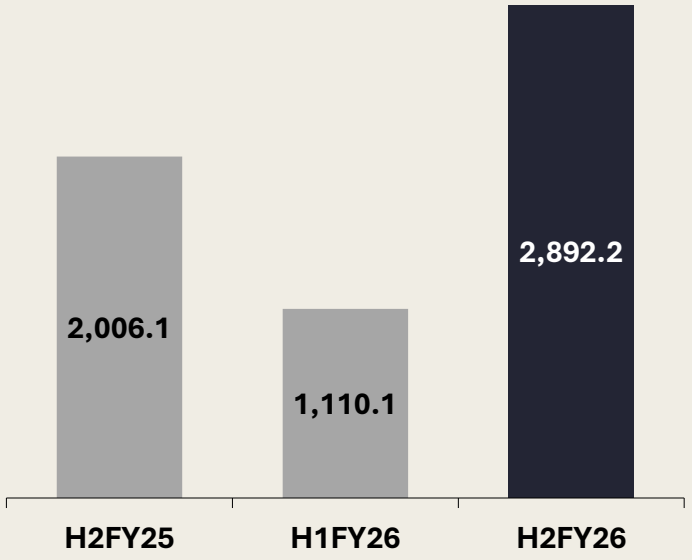

Mr. Sammeer Pakvasa
