Kuantum
The Paper Makers

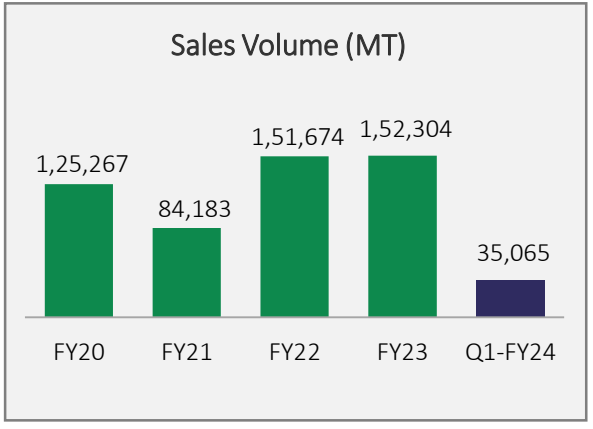

Investor Presentation

August 2023

About Kuantum Papers

- Kuantum Papers Ltd, a leading wood and agro based paper manufacturers started its commercial operations in 1980 in an economically backward village of Hoshiarpur, Punjab.
- They started their production with 30 TPD and are currently operating at 450 TPD. After completion of their backward integration project in March'21, the total production capacity stands at 450 TPD.
- Due to its location in the foothills of the Shivalik range, Kuantum Papers has been strategically utilizing agro residues like wheat straw, sarkanda and bagasse along with wood chips, veneer waste & bamboo to make high quality paper.
- The company's fully integrated manufacturing facility spread across 259 acres helps it gain advantage in terms of better operational efficiency and higher product offering.
- Kuantum's product offerings include maplitho, creamwove and value added specialty products like Thermal paper, bond paper, parchment paper, Azurelaid paper, catridge paper, coloured paper, ledger paper, stiffner paper, cupstock paper, carrybag paper and straw paper with a GSM range of 42 – 200.
- Its products are extensively used in the printing of books, notebooks, annual reports, directories, account books, envelopes, diaries, calendars, computer &office stationery, soap wrapping, cups and straws.
- The company manufactures its products on an order-based system from its 100+ dealer network spread across India, many of whom have been associated with it since 3 generations.
- The company has increased its export footprint in the last few years and is now exporting to 30+ countries.
- Its Marquee clients includes Wal-Mart, McGraw Hill, Kokuyo(Mumbai), Thomson, Lotus, Global, Navneet Publications, Oxford University Press, Macmillan amongst others.
- The company's social farm forestry program includes wood plantations of around 5,650 acres and it envisions to reach 1 crore saplings in 5 years.

Board of Directors

Sh. Jagesh Khaitan - *Chairman*

- Sh. Jagesh Khaitan is the Chairman of Kuantum Papers Ltd. He was earlier the Vice Chairman and MD of Amrit Banaspati Co. Ltd. and remained President of Indian Vanaspati Producers Association IVPA.
- His entrepreneurial spirit and passion has been one of major drivers for the company's growth by way of establishing a wide marketing network across India.
- He has been the recipient of the prestigious award **'UDYOG RATNA'** honored by PHD Chamber of Commerce & Industry given by the then Chief Minister of Punjab, in the year 2005, towards his excellent and dedicated contribution to the State of Punjab.

Mr. Pavan Khaitan - *Vice Chairman and Managing Director*

- Pavan Khaitan is a graduate in Commerce from Punjab University and a qualified Chartered Accountant. He joined the company in 1997 as the CEO and has been spearheading various initiatives that have rationalized the cost, enhanced quality, focused on specialty paper and ultimately optimizing their resources to their fullest. Also, he has been recently appointed as Vice President of the Indian Pulp & Paper Technical Association (IPPTA).
- He has been instrumental in undertaking projects including debottlenecking and overall upgradation of the paper mill. Under his aegis, the backward integration cum upgradation project has been successfully completed in March 2021 with a capital outlay of INR 4,440 million.
- Branding of paper products in a commoditized paper business has paid rich dividends, as a result of which the company has grown strength to strength. Under his leadership, Kuantum has forayed into Specialty paper products contributing to the product profile. He has focused on continuous de-bottlenecking ultimately leading to higher production in MT every year.

D.S Sandhawalia - *Director (Non-Independent)*

- Drishinder Singh Sandhawalia provides guidance and direction on real world business and organizational issues to the management.
- Drishinder has over 35 years experience in consulting and working with businesses in the public and private sectors. He works with the leadership and management team. He is interested in solving problems of organizational stability and change, evaluation and strategy. His expertise in developing and implementing information technology projects has enabled him to build a reputation as a thought leader and innovator in areas of project and knowledge management. His aim is to refresh and rejuvenate management and leadership practice through the breaking of silos, the sharing of transdisciplinary ideas, and the co-creation of new innovations and insights.

Shireen Sethi - *Director (Independent)*

- Currently the COO of Network1 Media Pvt. Ltd. and has over two decades of experience as a journalist, manager and advisor to many national & global media corporations and has founded multiple successful businesses in the media, technology & education sectors.
- She has also been working extensively with FICCI advising the trade body in the Technology Commercialization Department and has been instrumental in multiple initiatives of the organization including The India Innovation Growth Programme (a JV between Lockheed Martin & Ministry of Science & Tech), Millennium Alliance and DRDO-ATAC. 877

Vivek Bihani - *Director (Independent)*

- Vivek is an Engineer from BITS, Pilani and an MBA from IIM, Bangalore. He has total work experience of around 27 years. He worked with a leading venture capital firm in the early part of his career, turned an entrepreneur in 1998 and since 2009, is supporting high quality entrepreneurs as part of his 2nd innings in venture capital.
- As a venture capitalist, during 1992 – 1998, he worked with TDICI Limited (now called 'ICICI Ventures'), a firm that pioneered venture capital in India and has grown to become one of the largest and most successful private equity firms in India.

Bhavdeep Sardana - *Director (Independent)*

- Bhavdeep Sardana, aged 45 years is Master's in Business Administration from Durham University (UK) and Bachelors in Science (Hons.) in Chemistry with Chemical Engineering from Northumbria University, Newcastle Upon Tyne (UK).
- Presently Sr. VP & CEO at The Sukhjit Starch & Chemicals Limited and is responsible for successfully implementing repeated expansions at various units. He leads all B2B sales with Paper, Food & Pharma Majors. He actively engages with State Govts. and Govt. of India on policies affecting the agro-processing industry and ease of doing business reforms.

Key Management Team

Mr. Roshan Garg *– CFO :* A qualified Chartered Accountant & Company Secretary by profession, he has 30 + years of work experience in Corporate Finance and Accounts in the manufacturing sector. He has been associated with the company since 2002 and has driven improvement in Corporate Governance and the financial accountability structure as well.

Mr. Ashesh Kumar Mukherjee **–** *CGO :* A postgraduate in business management with 30 years of experience of handling sales and distribution, business development, strategic planning, and product marketing across various industries. He focuses on identifying key input metrics and subsequently laying down processes that can help the organisation in achieving scale and growth.

Mr. Parvinder Singh Taunque **-** *Vice President Engineering :* A passionate Technocrat with 29+ years of experience in the field of reliability maintenance functions with a focus on implementing best maintenance practices and TPM philosophy. A seasoned Strategy Lead in the role of Business Operations, System building, Inventory management, Project management, vibration analysis & condition monitoring and planned shuts.

Mr. Sushil Kumar Khetan **-** *CEO Operations :* A seasoned Chartered Accountant, Company Secretary and a dynamic professional with 3 decades of rich experience in the area of Paper Mill Operations, Paper and Paperboard Projects. A strategic planner with proven ability to improve operations, impact business growth & maximize profits through achievement in cost reductions, productivity, efficiency and quality improvements, internal control and finance management.

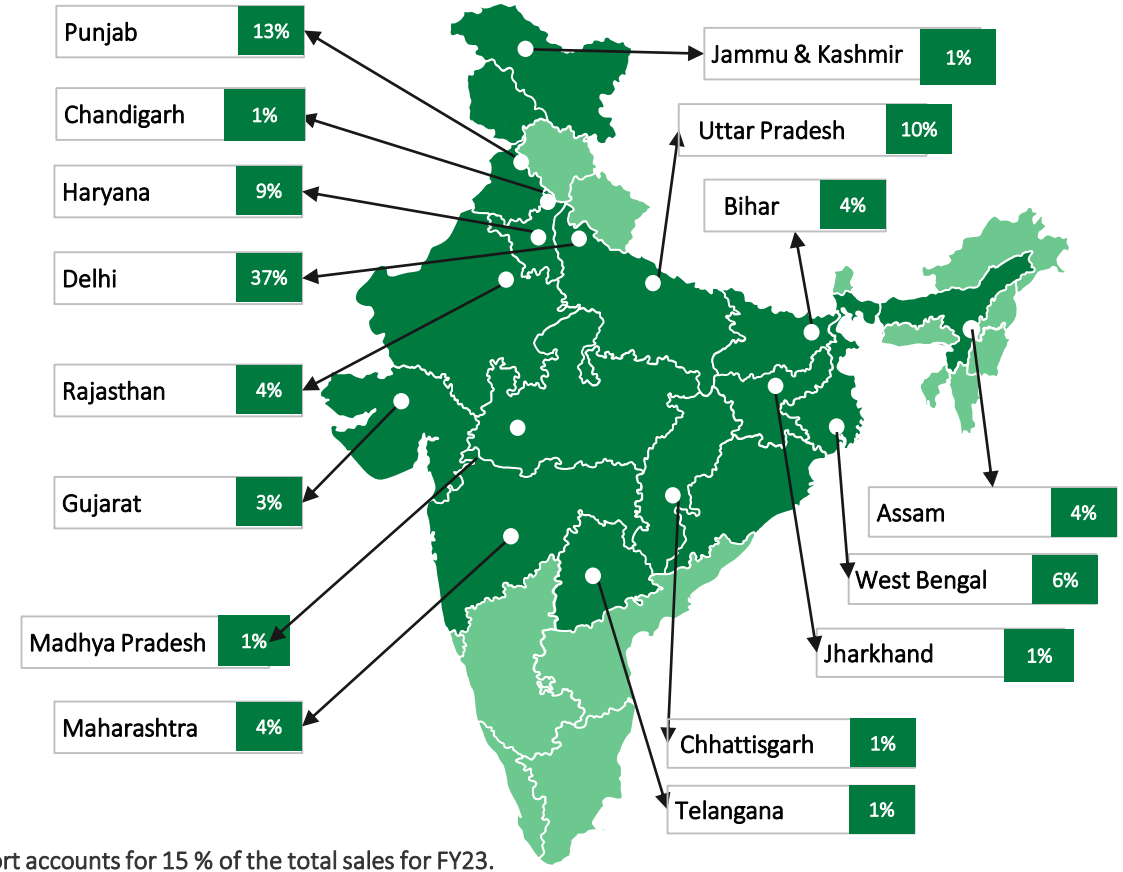

Mr. Sanjay Khosla **–** *CMO :* An MBA in Marketing, he has been successful in creating total 28 years of experience in Sales and Marketing, exclusively in the Pulp & Paper industry. He has been with Kuantum since the past 23 years and has been successful in creating a loyal network of 100+ dealers as well as a demand pull for our products in the market.

Ms. Prachi Sharma *– VP Corporate Strategy :* A seasoned Chartered Accountant with strong business acumen and analytical prowess, having more than 2 decades of experience in consulting and manufacturing industries. Her core area of expertise is Strategic Planning, SWOT Analysis, Finance Management and New Business Development. She is a dynamic leader and has a strong ability of driving Growth and Change Management.

Geographical Presence & Sales Model

Export accounts for 15 % of the total sales for FY23.

Order based manufacturing:

- The production is order based and manufacturing is undertaken after the company receives advance orders from dealers/distributors.
- The company does not operate on fixed SKUs. They service their dealers based on customized order sizes, rather than fixed sizes offered by most of the competitors.

Inventory:

- Inventory of finished goods is low and rarely exceeds three days' production.

Collection Mechanism:

- Collection is done strictly within 5 days of date of Invoice.

Company History and Milestones

1980
Established with a capacity of 30 TPD with PM 1&2.

1988
PM 3 installed with a capacity of 100 TPD.

2000
Debottlenecking done to achieve 40% improved efficiency on output.

2002
National Energy Conservation Award conferred by the Vice President of India.

2005
- Lignin Precipitation Plant installed in collaboration with Tanovis AG (formerly Granit Recherché SA), Switzerland.
- PM 1 & 2 capacity up-graded to 60 TPD.

2006
Agro Pulp Mill upgraded to 150 TPD along with the Continuous Digestor.

2007
Restructuring of ABCL took place, renamed Paper Division as ABC Paper Ltd.

2008
- Composite Project with PM 4 -250 TPD, Chemical Recovery plant -200 TPD and Co-Generation Power Plant – 10 MW undertaken.
- Listed on BSE.

2012
- The company was renamed Kuantum Papers Limited.
- Secured FSC certification.

2013
- PCC Plant in collaboration with Specialty Minerals Inc, USA was installed.
- Production crossed 100,000 MT.

2014
Top Former (Gapcon-Italy) and Size Press (Bellmer, Germany) installed on PM 4.

2015
A new generation Agro Pulp Mill along with ODL with a capacity of 200 TPD installed. Project KITE launched with KPMG for operational excellence.

2017
- Specialty Paper launched.
- Secured ISO 9001, ISo14001, OHSAS 18001, QMS and EMS certifications.

2018
- Project KORE launched with Accenture for operational excellence.
- SAP S4 HANA implemented.
- Upgradation of PM 3 and 4 with state of the art headbox from Bellmer, Germany.

2019
- Record breaking Production & Sales: exceeded 125,000 MT.
- ECF Bleaching commissioned
- Listed on NSE.
- Backward Integration Project of INR 4,440 Million initiated.

2021
- Backward Integration Project completed in March'21.
- Increased Agro & Wood Pulping Capacity to 200 TPD & 180 TPD respectively.
- Power generation capacity increased to 38 MW.
- Added a new Chemical Recovery Plant with a capacity of 500 TPD.

2022
- Production capacity increased to 450 TPD
- Achieved the milestone of 1,50,000 TPA

2023
- Record-breaking revenues of INR 13,096 and an EBITDA of 35%
- Successfully launched Cup Stock and Straw Base Paper as a replacement to single-use plastic

Marquee Clientele

Key Strengths

Pan India presence with an extensive network of 100+ dealers

Cost savings through executed backward integration project has led to improved EBITDA margins

Long standing relationship with dealers, many associated with the company for over 3 decades

Improved infrastructure of paper machines in order to be more cost effective

Largest product Portfolio in the Paper Industry covering Maplitho, Creamwove, Copier and Specialty Paper

Located near densely populated Northern Region including NCR, a higher paper consumption market

Successful in creating a branded portfolio of products

Strategic location in Punjab with abundant availability of raw materials such as Wheat Straw, Sarkanda & Bagasse, allows us to get steady supplies at stable prices

Ability to command a price premium in the range of 5-7% over our competitors due to better quality of products and superior market orientation

Raw Materials are perfect substitutes of each other, so we are not dependent on any single one throughout the year

Market based sales rather than government orders. Customers are delighted to deal with us rather than our competitors due to regular and timely supplies

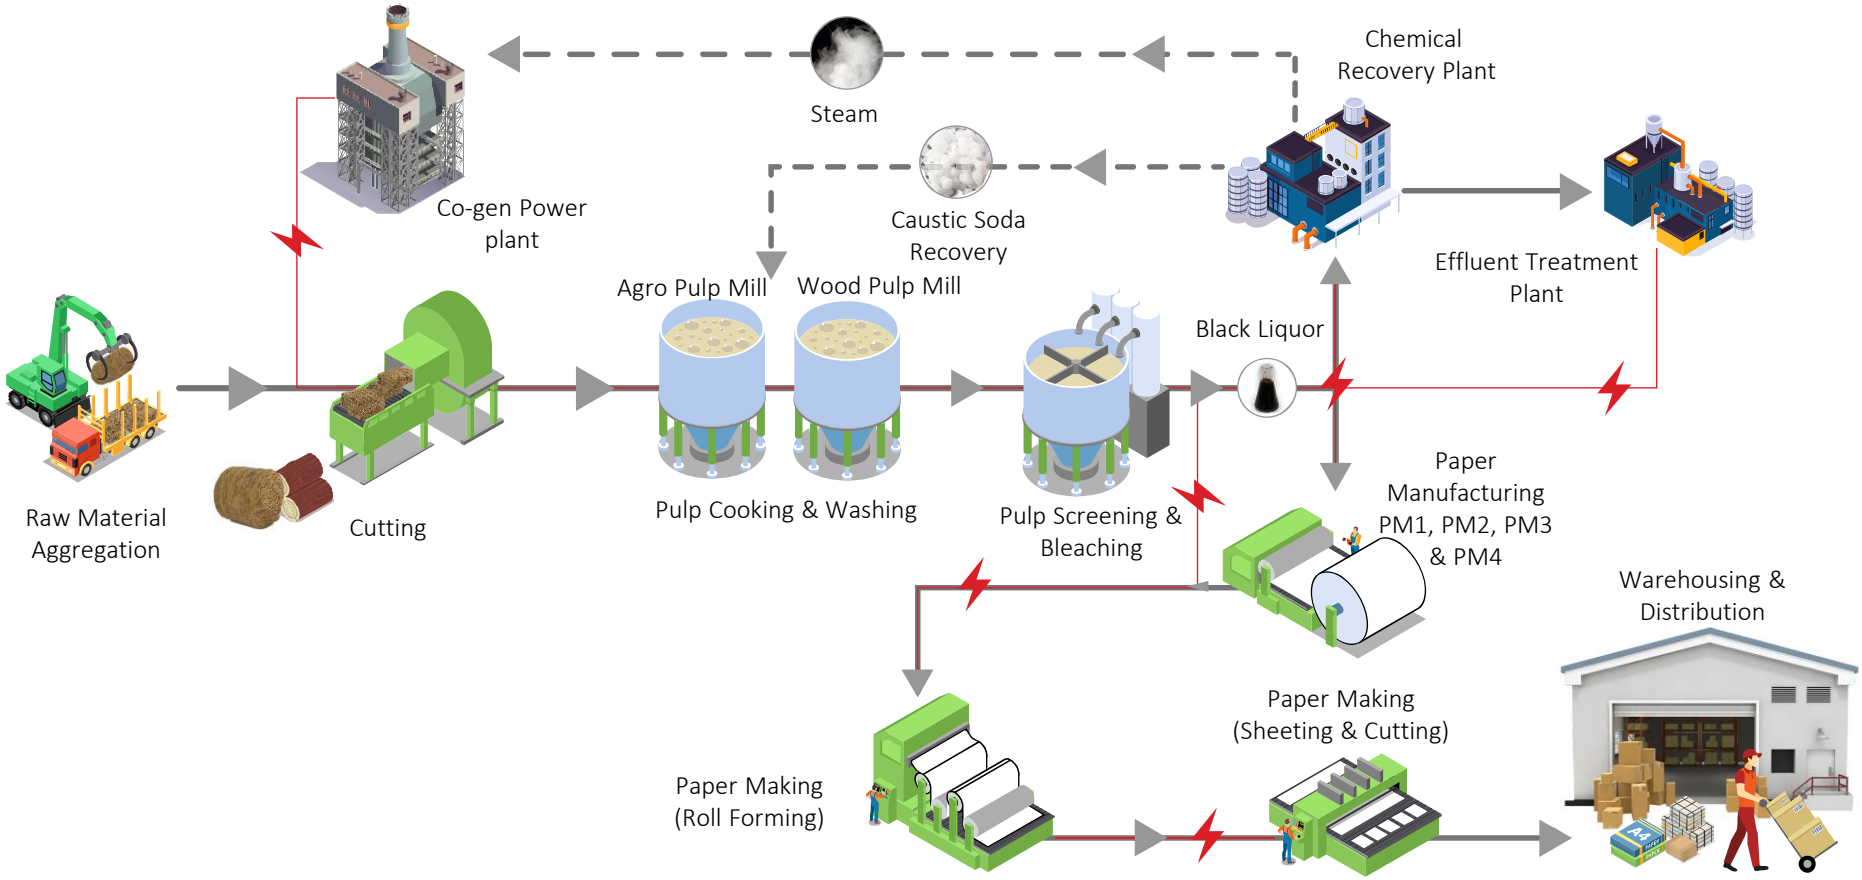

Future source of wood raw material: Social farm forestry programme with a vision to reach 1 crore clonal saplings in 5 years

Kuantum
The Paper Makers

OVERVIEW OF
CURRENT OPERATIONS

Manufacturing Process

Current Manufacturing Facilities

	Pulping Facilities	Paper Machines	Chemical Recovery Plant	Co-Gen Power Plant
Segment				
Capacity	• Total Capacity: 380 TPD • Agro based pulp: 200 TPD • Wood pulp: 180 TPD	• Total capacity: 450 TPD • Machine 1 - 30 TPD • Machine 2 - 35 TPD • Machine 3 - 115 TPD • Machine 4 - 270 TPD	• Total Capacity: 700 Solids TPD • New CRP : 500 Solids TPD • Existing CRP : 200 Solids TPD	• **Turbines** : Total 38 MW ➢ New : 20 MW & 8 MW ➢ Existing Turbines : 10 MW • **Boilers** : Total 190 TPH ➢ New : 130 TPH ➢ Existing : 60 TPH
Description	Kuantum combines agro pulp along with wood pulp and imported pulp in order to produce better quality fibre for paper production	The different configurations of the four paper machines allow Kuantum to manufacture a wide variety of surface-sized, non surface-sized and value-added specialty products	The new Chemical Recovery Plant of 500 TPD from Andritz for the treatment of Black Liquor process has boosted the overall capacity to 700 solids TPD Operating at high efficiency, the plant recovers over 95% of Caustic, enabling cost reduction, margin improvements, and reusing for subsequent production runs	The two new turbines of 20 MW and 8 MW from Siemens, have taken the total Co - Gen power capacity to 38 MW A new Boiler of 130 TPH from ISGEC has been installed making the total capacity 190 TPH Efficiency in power operations has helped in cost optimization

Pulping Facilities

Total Capacity: 380 TPD

Agro Pulp	Wood Pulp
200 TPD	180 TPD

- The company has eliminated its dependency on Imported Hardwood Pulp as it has become self-reliant in wood raw material, thereby reducing the cost of production.
- There is also a conscious effort to replace imported softwood pulp with In-house wood pulp.
- The increased pulping capacity has led to higher production of paper.

Paper Machines

Total Capacity: 450 TPD

PM 1 - 30 TPD	PM 2 - 35 TPD
PM 3 - 115 TPD	PM 4 - 270 TPD

- Increase in paper production capacity to 450 TPD.
- The increased production has been totally absorbed by the demand pull from the market and company is operating at 100% capacity utilization.
- Improvement in the quality of the paper produced along with better efficiency.
- The different configurations of the four paper machines allow Kuantum to manufacture a wide variety of surface-sized, non surface-sized and value-added specialty products.

Chemical Recovery Island

Total Capacity: 700 TPD of Black Liquor Solids

New CRP : 500 Solids TPD

Existing CRP : 200 Solids TPD

- A chemical recovery plant of 500 TPD supplied by Andritz is a HERB recovery boiler with SRS technology has been installed to process caustic from Black Liquor.

The Chemical Recovery Plant has three major components:

Recovery Boiler

Evaporator

Recausticizing Plant

- The plant has significantly increased the steam- to - solid ratio, which in turn improves the efficiency of the overall plant operations.
- The treatment of black liquor helps in regenerating Caustic soda up to 95%+ in the recovery process

Note: Caustic soda is an expensive chemical used in the pulp making process

Co-Gen Power Plant

Total Capacity : 38 MW

Turbines :
- New : 20 MW & 8 MW
- Existing Turbines: 10 MW

Boilers : Total 190 TPH
- New : 130 TPH
- Existing : 60 TPH

- The need of the hour is to be self-sufficient in power requirement in order to sustain operations on a long-term basis.
- Kuantum has a captive Co-generation Power Plant in which they have added:
  - A high pressure CFBC Boiler supplied by ISGEC.
  - Two highly efficient back pressure turbines of 20 MW and 8 MW, supplied by SIEMENS.
- The Co-Gen Power Plant allows the company to decrease its dependency on the State Power Grid, enabling it to maintain seamless operations at all times along with reduction in power cost.

Effluent Treatment Plant

The company has up-graded existing Effluent Treatment Plant with an objective of sustained parameters of treated effluent as well as to be ‘future ready’ to meet all Environmental norms.

Low COD Street-1 is with Aerobic treatment.

Effluent Treatment facility had been divided into two streams

High COD Street-2 is with Anaerobic treatment.

The treated effluent is used to irrigate almost 2,000+ acres of fields in the surrounding villages , through a network of pipelines laid by the Company at its expense.

Raw Material Sourcing

Kuantum has an integrated Pulping facility with separate Agro Pulping and Wood Pulping streets having a total capacity of 380 MT of pulp per day for paper manufacturing.

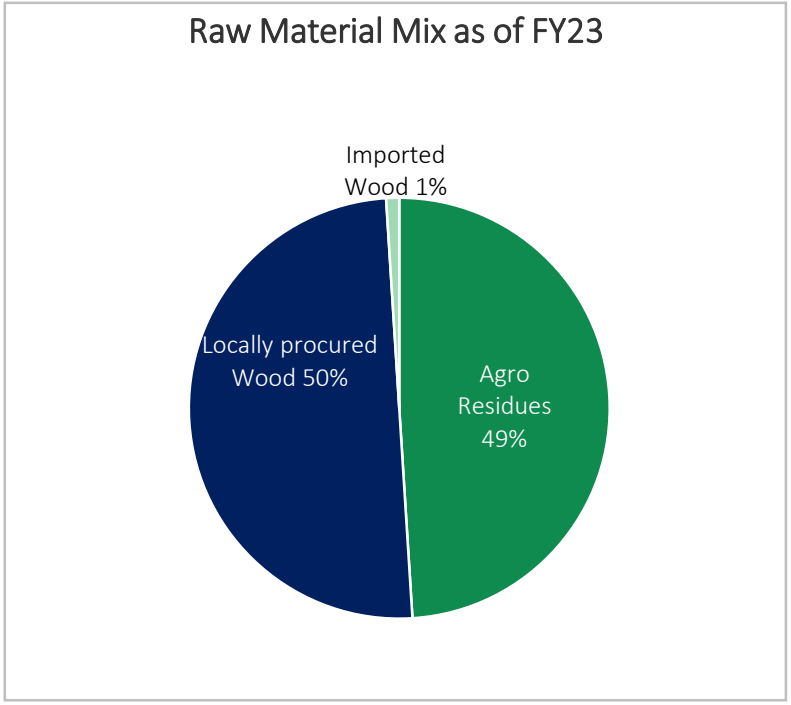

Kuantum uses the following agro residues in its Agro Pulping Street (200 TPD):

Agro	% Content in Agro Pulp
Wheat Straw	90%
Bagasse & Sarkanda	10%

Wood for Wood Pulping Street (180 TPD) is sourced as follows:

Wood	% Content in Wood Pulp
Wood Chips & Wood logs	90%
Bamboo	10%

Kuantum mainly uses Agro Pulp in Paper Production which is environment friendly. Even wood raw material is procured mostly as wood chips, which is a waste product of the plywood industry.

Technical Collaboration with Tanovis AG

The company has a collaboration with Tanovis AG (formerly Granit Recherché Development SA) For the Lignin Precipitation Plant.

Tanovis AG, is a Swiss company with global operations. It is in the business of providing process technologies & innovative products on lignocellulosic biomass.

Tanovis AG is today known to produce high-purity lignin based renewable products, encompassing industrial, health & nutrition fields.

Set up first-of-its-kind in the world – A Full Scale Lignin Precipitation System, to separate the non-bio degradable lignin from the black liquor.

Technical Collaboration with Specialty Minerals, USA

The company has a Collaboration with Specialty Minerals Inc.

$CaCO_3$

We have a first-of–its-kind backward integrated **PCC** (Precipitated Calcium Carbonate) Plant in an Agro based operations in the world, set up in collaboration with Specialty Minerals Inc.

Specialty Minerals Inc., USA is a multi-national company operating plants in over 20 countries, producing high performance minerals for use in various product manufacturing processes. Today, Specialty Minerals Inc is the world's largest manufacturer of Precipitated Calcium Carbonates.

Specialty Minerals Inc has invested approx. INR 254.53 Mn in setting up this PCC plant at our premises.

$CaCO_3$

Precipitated Calcium Carbonate manufactured is used as a filler during production of paper.

Social Farm Forestry Program

Social farm forestry programs are green sustainable initiatives undertaken by paper companies in order to contribute to the small and marginal farmers of barren, non fertile land, apart from providing a catalyst to deforestation.

These initiatives also contribute to securing raw materials within a specific radius hence reducing the over all manufacturing costs and highlighting a dependency on multi year resource visibility.

Kuantum launched the Social-Forestry Plantation Project and is producing quality clonal plants of Eucalyptus and over the years has covered approximately 5,650 acres area under clonal plantation.

We aim to increase our footprint to almost 1 crore saplings per annum in the coming years to ensure a sustainable source of wood material.

Corporate Social Responsibility

As part of our mission to improve education, we donated computer technology to schools. We also educated farmers about sustainable agriculture and supplied rural communities with environmentally friendly energy solutions like solar lights and water storage tanks. Also we have donated a washing machine to a local civil hospital, to support healthcare workers who are working tirelessly to keep our community safe & healthy.

Corporate Social Responsibility

Installation of Sewerage Treatment Plant at Saila Khurd, Bharatpur Jattan and Raniala.

Tree Plantation in Government schools & Panchayat Lands.

Installation of Solar Lights in surrounding villages.

Providing Fire Tender facility with staff in case of Emergency in surrounding Villages.

Financial Assistance to Government Schools and hospitals in surrounding villages.

We have donated washing machine to local hospitals so the community can live healthier lives.

Actively participating in Swachh Bharat Abhiyaan through construction of prefabricated toilet facilities in surrounding villages.

Paving of roads and pathways.

Company run High School.

Organizing Blood Donation Camps & Free Medical Check-up Camps.

Distribution of sewing machines to widows & differently-abled women in surrounding villages.

Installation of RO systems with water Coolers for supply of drinking water free of charge in the vicinity of the mill.

Writing and Printing Products

Agro and Wood based paper plants manufacturing paper using wheat straw, sarkanda, bagasse, wood chips and veneer waste.

Different types of paper: Creamwove, Maplitho, Copier, Ledger, Cartridge, Stiffner, Colour, Parchment and Bond.

Category	Brand	GSM Range
Maplitho	KUANTUM KRESTO	54-120
	KOSHEEN/ KOSHEEN AQUA	54-120
	KOSMO MAPLITHO	58-140
Creamwove	KUANTUM GOLD	42-100
	KAPPA PREMIUM	42-100
	ECO PAPER	48-70
	KOPY +	49-70
Copier	K-ONE/ KONQUER	65-80

Writing and Printing Products

Category	Brand	GSM Range
Colour	Krayo	49-130
	Kosmo Color	60-130
Ledger	Kreda Ledger	58-90
	Kodexa Ledger	58-90
Thermal Paper	Kosmo Thermic	42-64
Executive Bond	Kuantum Bond	70-100
Color Copier	Kaleela	72
Cartridge	Kosmo Cartridge	60-130
Stiffner	Kosmo Stiffner	68-180
Parchment	Kosmo Parchment Ns	105
	Kosmo Parchment Bf	68-130
Envelope Paper	Kosmo Enveloper	70-110
Watermark Paper	Railway Bond	58-130
Carry Bag Paper	Kosmo Carry	80-110
Wedding Card Paper	Kosmo Kard	90-170
Cupstock	Kuantum Kupstock	135-200
Soap Wrapper	Kosmo Antifungal	90-130

Future Growth Strategy

1. Debottlenecking and upgrading plant operations to increase production capacity by ~ 25% and further optimize cost

2. Leveraging single use plastic ban by developing a portfolio of specialty products for a sustainable future

3. Setting up a Specialty paper machine to diversify product portfolio

Foray into New Specialty Products

Straw Base Paper		Straw base paper for drinking straws are biodegradable and commercially viable, thus offering a feasible and eco-friendly alternative to single-use plastic straws.	HORECA, Food Industry
Food Grade Paper – OGR/Biscuit Wrapping		Greaseproof paper is made under hygienic conditions which gives excellent grease/moisture resistance and oil hold out properties.	FMCG/Food Packaging Industry
Tissue Paper		Soft and Absorbent paper used to make napkins, toilet rolls, kitchen towels, facial tissues, M Folds, C Folds, HRT.	Institutions, HORECA, Offices & Homes

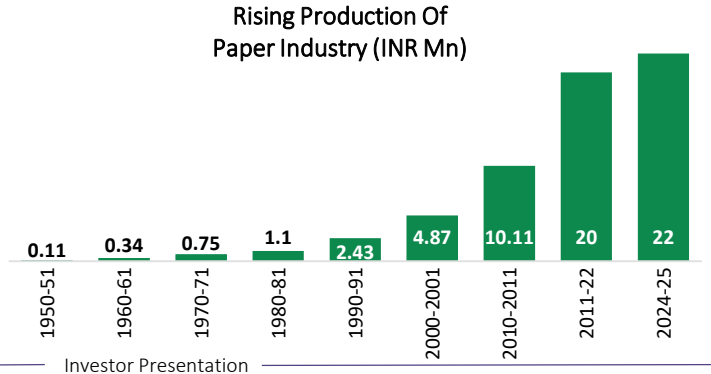

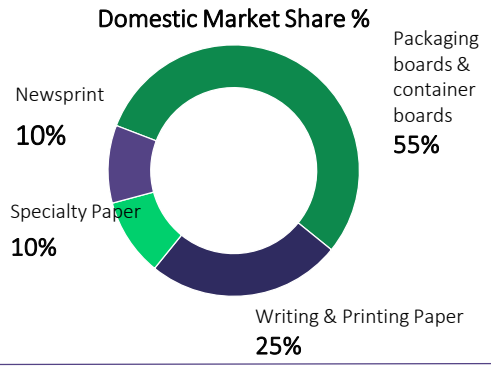

Kuantum
The Paper Makers

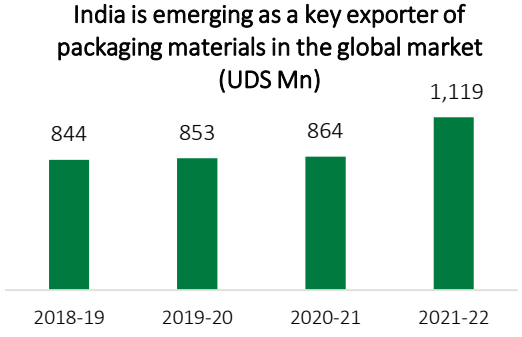

INDUSTRY OVERVIEW

Paper Industry

- The Indian paper industry accounts for about 5% of the world's production of paper. Currently, the Indian paper industry is valued at INR 80,000 crore, and it is highly fragmented with over 800 paper companies producing about 16 Million Ton of domestic paper every year.
- Domestic demand of paper and packaging stood at ~17 million MT in FY22. Paper companies expanded their geographical presence outside India to increase their sales powered by capacity expansion and improved quality of paper.
- In terms of share in total production, approximately 21% are based on wood, 71% on recycled fibre and 8% on agro-residues.
- Paper consumption in India is likely to witness 6% to 7% annual growth and will reach 30 Million Ton by FY 2026-27, largely driven by emphasis on education and literacy coupled with growth in organized retail.
- 100% FDI is allowed in the Indian Pulp and Paper Industry under the automatic route.
- In the last five to seven years, an amount of over Rs 25,000 crore has been invested in new efficient capacities and induction of clean and green technologies.
- The industry size of single-use plastics is estimated to be INR 10,000 crore. This move by the government will benefit all Indian paper mills to flourish their business.
- In India, only 15% of total paper and paperboard production is made from recycled materials, compared to a global average of 30% to 85%. As a result, there is a lot of potential for recycling in the paper business.
- As per IPMA, in volume terms, paper exports from India have gone up four times from 0.66 million tonnes in FY17 to 2.85 million tonnes in FY22. Similarly in value terms, the figures for corresponding years rose from INR 3,041 crore to INR 13,963 crore.

Certain statements made in this presentation may not be based on historical information or facts and may be "forward looking statements" based on the currently held beliefs and assumptions of the management Kuantum Papers Limited ("Company" or "Kuantum Papers Ltd."), which are expressed in good faith and in their opinion reasonable, including those relating to the Company's general business plans and strategy, its future financial condition and growth prospects and future developments in its industry and its competitive and regulatory environment.

Forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause the actual results, financial condition, performance or achievements of the Company or industry results to differ materially from the results, financial condition, performance or achievements expressed or implied by such forward-looking statements, including future changes or developments in the Company's business, its competitive environment and political, economic, legal and social conditions. Further, past performance is not necessarily indicative of future results. Given these risks, uncertainties and other factors, viewers of this presentation are cautioned not to place undue reliance on these forward-looking statements. The Company disclaims any obligation to update these forward-looking statements to reflect future events or developments.

This presentation is for general information purposes only, without regard to any specific objectives, financial situations or informational needs of any particular person. This presentation does not constitute an offer or invitation to purchase or subscribe for any securities in any jurisdiction, including the United States. No part of it should form the basis of or be relied upon in connection with any investment decision or any contract or commitment to purchase or subscribe for any securities. None of our securities may be offered or sold in the United States, without registration under the U.S. Securities Act of 1933, as amended, or pursuant to an exemption from registration there from.
This presentation is confidential and may not be copied or disseminated, in whole or in part, and in any manner.
