There were no material changes and commitments affecting the financial position of the Company between the end of the financial year of the Company to which the financial statements relate and the date of the report except to the extent disclosed below:

Point wise Replies to Auditor's Qualifications

1. The Plant has been non-operational since December 2019. As a result of which, due to labor and union issues there is very limited accessibility to the Plant, hence, the physical verification of assets as on 31st March 2023 could not be done by third party. Though the management has verified the physical assets and have provided certification of the WDV value of the assets to auditors. The Company is hopeful to get physical verification done by third party and impairment testing at the end of financial year 2023-24.
2. The Work in progress amount belongs to blast furnace work and PCI work for expansion of production. These amounts will be capitalized once the plant gets restarted, the remaining work on this capital WIP is completed and these assets are put to use.
3. Maithan Ispat Ltd plant was closed for about 2 odd years and has started production from January 2022 and has been in operations for the full financial year of 2022-23. Thus impairment testing is not being carried out as the net worth of the Company has become positive now. Further Maithan Ispat Ltd had recorded profits during the year ended 31.03.2022 and had cash profits during the year ended on 31st March 2023.
4. The Plant has been non-operational since December 2019. As a result of which, due to labor and union issues there is very limited accessibility to the Plant, hence, the physical verification could not be done by third party as on 31st March 2023. The Company is hopeful to carry same by the end of financial year 2023-24.Though the management has verified and provided certification of inventory to auditors.
5. The company is putting in its best efforts to restart the plant soon and the amounts will be recovered from supply of goods and receivables.
6. We have been informed that, as per the policies of the concerned Banks, Bank will provide statement and balance confirmation either by hand or on registered email address only. It will not be possible to change the registered email address to provide direct confirmation to the auditors. We have forwarded all the confirmation as and when received by us from the Banks. Further for loan confirmations from SREI as well as Banyan Tree Bank, the same cannot be given as they are under litigation. The Banyan Tree Loan as explained in note 27 of Director's Report has already been repaid as on date.
7. It was informed that there is some mismatch and company is working on reconciling the same with the Bank.
8. The company has filed form for transfer of amount to IEPF. But the IEPF authority has not rejected the form. We are trying to resolve the issue with IEPF. Otherwise also the amount is in the unpaid dividend account and will be transferred soon.
9. The company is putting in its best efforts to restart the plant soon and the amounts will be recovered from supply of goods and receivables.
10. The MISL plant has been shut down for from December 2019 and the Company has not undertaken any business with these parties during this period. Company is in process to receive the confirmation from Debtors, Creditors and loans and advance as given and / or received and/or for the deposits received and given, as this is a time consuming and a tenacious ordeal. That being said, Company is in discussions with the concerned entities and we hope to tide over this during the current financial year of 2023-24. Further management is of the view that on confirmation/reconciliation of the balances, there will not be any material impact on the state of affairs of the Company. . Further the negotiations are on with the creditors and debtors who were related to expansion and advances given to them
11. Due to non-accessibility to the Plant premises on account of labor and union issues, we were unable to provide the information and documents as required in this regard. The break-up of these amounts was given to the auditors from the books of accounts.

12. The Company had taken External Commercial Borrowing (ECB) from Banyan Tree Bank Ltd., Mauritius, and there were disputes regarding the repayment of the balance amount of the ECB loans to Banyan Tree Bank Ltd. Banyan Tree Bank Ltd., was acquired / taken over by the Silver Bank. The Company has shown the disputed liability amount in the Borrowings.
    Since the matter was subjudice and no final order was passed or given till 31.03.2023, we have not made any provisions thereof and the Company was working on negotiations. That being said please refers note no. 35 of the Financial Statements for a detailed explanation on the same. Further the same has been repaid as on date.
13. Due to non-operation of the Plant, the Directors of the Company have infused their own funds into Company as and when there is an urgent requirement of funds. These loans given by the Directors to the Company are interest free and that the necessary correspondence has been done in this regard.
14. Due to non-operation of the Plant, the Company has not been able to supply the goods / services, the party is not asking for paying back the advance amount. More than 95% of this amount is sub-judice and we have been advised not to make any change or alteration in the classification.
15. We were unable to get the actuarial valuation done for FY 2022-23, but we will get the same done for FY 2023-24. Moreover, since the number of employees in the Company is very limited, as per our internal workings, we have sufficient provisions.
16. Due to non-accessibility to the Plant premises on account of labor and union issues, we were unable to provide the information and documents as required in this regard. The break-up of these outstanding statutory dues amounts was given to the auditors from the books of accounts.
17. The Company has been making ad-hoc payments of the GST amounts. The Company is working on a plan to make the payment of the entire outstanding amount of GST. Till the payment is not done of this GST amount, it will reflect as pending. GST returns of the current period can be only filed by the Company after previous outstanding payments have been made and the previous returns have been updated.
18. The Company has not made provisions against disputed amounts, as this will tantamount to acceptance of the disputed liability. With regard to undisputed amounts, the Company has been facing severe cash crunch and as & when funds are available the Company is making payments against the undisputed dues. In the FY 2022-23 the Company has paid PF amount of Rs. 1.27 crore; ESI amount of Rs. 0.01 crore, TDS amount of Rs. 0.39 crore, GST amount of Rs. 2.97 crores etc. Details relating to some of these payments are lying at the plant premises, which we were not able to access. We have shared the statutory payment details along with copies of bank statements.
19. The company has taken legal opinion on the treatment of Compensation as well interest on same from an independent advocate. Accordingly, details relating to the same are mentioned Note No. 29 in the notes to accounts of the Financial Statement. Further the Company is making payment of compensation under protest by selling of stocks lying with the Company after getting order from Hon'ble Supreme Court. Furthermore there is a stock of appx 1.1 million tonne on the ground which is being sold under Supreme court order dated 06.04.2023.This will further reduce this amount. We have already deposited with Government an amount of Rs. 415.79 (including GST) till July 2023 under protest.
20. Due to non-operation of the Plant, the Company has had losses which would result in reduction of Deferred Tax (**DT**) liability or creation of Deferred Tax asset. Taking a conservative view, we have not reduced this **DT** liability or created **DT** assets, and are carrying the **DT** liability as it was from the earlier years.
21. The company will ensure that the internal audit report will be provided for the next financial year.

22. The Company has settled the matter relating to Water Charges and water charges will be incurred as and when plant starts. Further we are in discussion with the department on settlement of Electricity Charges. Since the matter is sub-judice, we have not made any provisions of the same, and hopefully this will be settled in the next financial year and it will be provided accordingly.

22. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

Fluctuations in prices of major raw materials for steel making which showed an upward bias in the first quarter of 2023. b) Stubbornly high inflation across geographies, tighter monetary policies, and turmoil in financial markets in view of bank failures in the USA, weighing on outlook for the industry. c) Developments in the Chinese market: The economic recovery remains patchy and may be struggling to sustain momentum though Beijing has dropped its Covid Zero policy in a move to boost its flagging economy. d) Euro zone manufacturing still remains in troubled water with factories reporting a fall in demand for goods for the eleventh straight month. e) Supply constraints pushing up prices of the steel in the USA in view of steady demand for the commodity.

Auditor's Responsibilities for the Audit of the Standalone Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the standalone annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion whether the Company has adequate internal financial controls with reference to standalone annual Ind AS financial statements in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone annual financial results made by the Management and Board of Directors.

• Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the standalone annual financial results, including the disclosures, and whether the standalone annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone annual financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone annual financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work;

and (ii) to evaluate the effect of any identified misstatements in the standalone annual financial results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

There are nomatters determinedto be the key audit matters to be communicated in ourreport.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report. Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not includeconsolidated financial statements and our auditor's reportthereon. Our opinion on the consolidated financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materiallyinconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.
Since we have not been provided with the other information we will not be able to report on the same.

Responsibility of Management and Board of Director for the consolidated annual financial results

These consolidated annual financial results have been prepared on the basis of the consolidated Ind AS financial statements.

The Company's Management and the Board of Directors are responsible for the preparation and presentation of these consolidated annual financial results that give a true and fair view of the net profit/(loss) and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act; for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated annual financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it

exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the consolidated annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion whether the Company has adequate internal financial controls with reference to consolidated annual Ind AS financial statements in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated annual financial results made by the Management and Board of Directors.

• Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the consolidated annual financial results, including the disclosures, and whether the consolidatedannual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated annual financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone annual financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone annual financial results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

j Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalised. Other borrowing costs are recognised as expenses in the period in which they are incurred. In determining the amount of borrowing costs eligible for capitalisation during the period, any income earned on the temporary investment of those borrowings is deducted from the borrowing cost incurred.

k Leases

Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

l Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period.

m Taxes on income

The Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. 'The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the

n Research and development expenses

Expenditure incurred during research and development phase is charged to the Statement of Profit and Loss when no intangible asset arising from such research.

o Impairment of Non Financial assets

An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful life of the assets. An impairment loss is recognised as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The Impairment loss recognised in prior accounting period is reversed if there has been an improvement in recoverable amount.

p Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

q Measurement Of Profit Before Depreciation/Amortization, Interest And Tax (PBDIT)

As per Ind AS 1 “Presentation of financial statements”, the Company has elected to present PBDIT as a separate line item on the face of the statement of profit and loss. The Company measures PBDIT on the basis of profit/loss from continuing operations. In its measurement, the Company does not include depreciation and amortisation expenses, finance costs and tax expenses.

r Fair Value measurement of financial instruments

The financial assets and liabilities are valued at fair values based on Ind AS 39, 109 and 113.
