Notes on Segment Information :

1. The Company is in the business of Engineering and Product R&D services. The Company's primary reporting segment is geographical as the revenue in non software related areas are not more than 10% of the total revenue.

2. Assets and liabilities used in the Company's business are not identified to any of the reportable segments, as these are used interchangeably between segments. Management believes that it is not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

3. The group has identified Engineering Services and manufacturing as a secondary segment

Notes :

1.The above financial results have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") 34 Interim Financial Reporting prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. These results have been reviewed by the audit committee and were taken on record by the Board of Directors at their meeting held on November 9, 2022. The review of the financial results for the quarter ended September 30, 2022 has been carried out by the statutory auditors of the Company and have expressed an unmodified audit opinion on these unaudited financial results.

2.The consolidated financial results relate to ASM Group. The Group consists of ASM Technologies Ltd and its wholly owned overseas subsidiaries and 70% share of partnership in RV Forms and Gears as follows

1- ASM Digital Technologies Inc (formerly known as PINNACLE TALENT INC), USA
2- ASM Digital Technologies Pte Limited (formerly known as ADVANCED SYNERGIC PTE LTD), SINGAPORE
3- ESR ASSOCIATES INC, USA
4- R V FORMS & GEARS LLP
5- ASM TECHNOLOGIES LTD – JAPAN
6 - ASM Digital Engineering Private Limited

3.The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of incomes, expenses and capital employed. Any further adjustments that may be necessary due to fresh evidence/facts and interpretations of MCA/ICAI that may be observed/received at the time of finalization of annual financial statements for the quarter ended September 30, 2022.

4. During the half year the Company had completed the rights issue on April 19, 2022. The Company has issued 10,00,000 equity shares of face value Rs.10/- each at a premium of Rs.105/- per share. The Company has issued these shares as partly paid up during the period of Rs. 3 per share and a premium of Rs.32/- per share. The details of amount received and utilisation is as under:

Particulars	Amout in million
Proceeds received from issue	35.00
Less: Issue expenses	2.85

5. The overseas subsidiaries ASM Digital Technologies Pte Ltd (formerly known as Advanced Synergic Pte Ltd, Singapore) and ASM – Japan" has accumulated losses which has exceeded its share capital and has eroded its net worth as at the end of the reporting period. The subsidiary's total liabilities exceeds the total assets by SGD 6,15,473/- and JPY 3,10,15,670/- . However, the holding company is authorised by its Board to infuse further funds as and when required and the management has drawn up action plan which would reduce the company's operating costs in the coming years. Based on this, the management is of the opinion that the going concern assumption in preparation of the financial statements is appropriate.

6. The Board of directors have recommended an interim dividend of Rs.1/- per fully paid up equity share.

7. The Board of Directors of the Company in their meeting held on November 9, 2022 have proposed merger of ASM Digital Engineering Private Limited with the Company. However, it is in the processing filing necessary application with National Company Law Tribunal.
