ROUTE MAP TO THE 13th AGM VENUE

Venue Address: 60, Khatau Building, Ground. Floor, Alkesh Dinesh Modi Marg, Fort, Mumbai - 400001

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 SETTING OUT ALL MATERIAL FACTS RELATING TO THE SPECIAL BUSINESS.

Item No. 3

Mr. Darshit Parikh (DIN: 03492803) was appointed as Independent Director on May 26, 2016 for a continuous period of five years ended on August 01, 2021. The Board of Director of the Company ("Board"), at its meeting held on June 28, 2021 has subject to approval of members, proposed to re-appoint Mr. Darshit Parikh, as Independent Director, for a period of 5 (five) years from the expiry of his present term i.e. with effect from August 01, 2021.

The Nomination Committee of the Board of Director, on the basis of the report of performance evaluation, recommends re-appointment of Mr. Darshit Parikh as an Independent Director for a second term of 5 (five) consecutive years on the Board of the Company.

The Board, based on the performance evaluation and as per the recommendation of the Nomination and Remuneration Committee, considers that, given his background and experience and contributions made by him during his tenure, the continued association of Mr. Darshit Parikh would be beneficial to the Company and it is desirable to continue to avail his services as an Independent Director.

Mr. Darshit Parikh is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director alongwith his Declaration of Independence declaring meeting criteria of independence as prescribed under Section 149 (6) of Companies Act, 2013 and SEBI LODR Regulations.

Accordingly, it is proposed to re-appoint Mr. Darshit Parikh as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5 (five) consecutive years on the Board of the Company.

He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings and profit related commission within the limits stipulated under Section 197 of the Act.

Copy of draft letter of appointment of Mr. Darshit Parikh setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE, DEVELOPMENTS :

The growth in India's real GDP during the year 2020-21 is estimated at -8% as compared to the growth rate of 4% in 2019-20 (as per government figures). The contraction in the GDP is largely on account of the 68-day long complete Nationwide lockdown which was imposed to prevent the spread of Covid-19, and continuing restrictions on recreational and other activities for the rest of the year. The impact of coronavirus pandemic on India has been largely disruptive in terms of economic activity as well as a loss of human lives. Almost all the sectors have been affected as domestic demand and exports sharply plummeted with some notable exceptions where high growth was observed. Where Agriculture and IT Sector were the least impacted by the pandemic, service sector mainly Hospitality and Tourism industry were impacted the most.

As for the stock markets the year 2020-21 was full of ups and downs. Our market witnessed a sharp recovery from its March lows. A comparison of BSE Sensex with 10 major world indices shows that it has been the best performing market in the current financial year (based on data as on Mar'21). On a year-on-year basis, the rise seen in Sensex during FY20-21 is the highest in the past decade and sixth best since the index's inception (1980).

MACRO REVIEW:

The Stock Market has been revolutionized by adopting modern technology, as the exchanges are now able to reach out to the far flung centers of the country with an efficient trading network for the benefit of retail customers. The Capital Market is most efficient when it discounts all information's in pricing of traded equity stocks. The maturity of the Stock Market has made it increasingly less risky through built-in information system made available to the participants over and above supervisory oversight. The ongoing efforts for further broadening and deepening of the Stock Market domestically and aligning the market with global trading system is not only expanding the customer base but also attracting more resources for investments.

The Indian broking industry is one of the oldest trading industries that have been around even before the establishment of the BSE in 1875. Despite passing through a number of changes in the post liberalization period, the industry has found its way towards sustainable growth.The financial markets have been classified as cash market, derivatives market, debt market and commodities market. The sustained growth of the economy in the past couple of years has resulted in offering many diversified services related to IPOs, mutual funds, Company research etc. However, the core trading activity is still the predominant form of business, forming 90% of the trading volume.

Aryaman Capital Markets Limited is diversifies financial services company with stock broking business activity in Mumbai. ACML is Member on both the Stock Exchanges viz. Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The Company offers trading and investments in quoted and unquoted securities, underwriting capital market issuances brokerage income from equity/debt market placements, and market making. Its business model involves fee-based service activities, as well as fund-based trading and investment activities. The Company's business lines include corporate advisory and other secondary market transaction facilitation, and underwriting and other primary market transactions facilitation. It is engaged in underwriting primary issuances, as well as other deal execution and processing activities. ACML creates its niche in each of the business segments and command premium position as compare to its peers. The Company has prestigious employees constantly working for the betterment of the company and contributing immensely for the growth of the Company.

OPPORTUNITIES AND THREATS:

The Company being a player in the financial market, the performance of the Company largely depends on the National and Global Capital Markets. The High volatility in the market along with higher inflation has intensified the competition. Your Company continues to achieve cost effectiveness through the application of technology. We have been fashioning our own responses to these challenges and we believe that we can turn them into opportunities, which can unlock growth for us in the future.

- **OPPORTUNITIES:**

  - Growing Financial Services industry's share of wallet for disposable income.
  - Regulatory reforms would aid greater participation by all the class of investors.
  - Leverage technology to enable best practices and process.

- **THREATS:**

  - Execution Risk
  - Slowdown in global liquidity flows
  - Intense competition from local and global players.
  - Unfavourable economic conditions

COVID Second Wave

As per the Finance Ministry, in its monthly economic report for the month of April the second wave of COVID-19 has posed a downside risk to economic activity in the first quarter of FY 2021-22. However, there are reasons to expect a muted economic impact as compared to the first wave.

The Union Budget 2021-22, presented on February 1, forecasted a nominal GDP growth of 14.4 percent for 2021- 22 but now due to the second wave of the virus a number of independent economists, agencies and banks have cut real GDP forecasts for the current fiscal year. On May 5th, global ratings agency Standard & Poor's cut its 2021-22 GDP forecast for India to 9.8 percent from 11 percent. The International Monetary Fund has said it will revisit its 12.5 percent GDP growth forecast for the year. As per Barclays, if mobility restrictions remain in place until the end of August, this could point to another 120bp of downside to annual real GDP growth, dragging FY 2021-22 growth to 8.8%.

Going forward the availability of vaccines and re-opening of the economy will be very significant to get the economy back on track. The second wave now also warrants a fresh round of stimulus/ economic package to be announced by the government to accelerate the revival process.

BUSINESS PERFORMANCE:

1) **REVIEW OF OPERATIONS:**

The Total Income of the Company stood at ₹13509.61 for the year ended March 31, 2020 as against 8462.35 lacs in the previous year. The Company made a net profit of 25.41 lacs for the year ended March 31, 2021 as compared to the net profit of ₹ 9.48 lacs in the previous year.

2) **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

The company has an Internal Control System commensurate with its requirement and size of business to ensure that the assets and interest of the company assets are safeguarded. The adequacy and effectiveness of the internal control across various activities, as well as compliance with laid down system and policies are comprehensively and frequently monitored by your company's management at all the levels of the organization. The company has established well defined policies and

processes across the organization covering all major activities including authority for approvals. In all cases where monetary decisions are involved, various limits and authorities are in place.
The Company's internal controls are structured in a manner that ensure reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance of corporate policies, laws and accounting standards.

With a strong monitoring system in place, the Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report .The Audit Committee of the Board of Directors review the existing audit procedures and internal systems of control on an ongoing basis keeping in mind the organization's requirements, growth prospects and ever evolving business environment. They also review the internal audit findings and recommendations and ensure that corrective measures are implemented. Suggestions for improvement are considered and the Audit Committee follows up on the implementation of corrective actions.

3) RISKS AND CONCERN:

Risk is an integral part of the business and we aim at delivering superior shareholder value by achieving an appropriate balance between risks and returns. The financial services industry is subject to continuously evolving legislative and regulatory environment due to increasing globalization, integration of world markets, newer and more complex products & transactions and an increasingly stringent regulatory framework.

Our senior management identifies and monitors the risks on an ongoing basis and evolves processes/systems to monitor and control the same to contain the risks to minimum levels. Periodic monitoring by our officials helps in identifying risks in early stage. If required, a risk event update report is periodically placed before the Board of Directors of the Company.

Regulatory framework, focused on maintaining controls on domestic businesses but even inadvertently creating more favorable regulatory environment for global entities operating in India is a matter of concern. We actively participate in dialogue in industry bodies and with regulators to point these out and to recommend appropriate changes.

4) RISK MANGEMENT:

For Aryaman Capital Market Limited, an effective risk management policy lies at the core of our business philosophy, which is centered on delivering higher and better returns to all our stakeholders. With ups and downs, volatility and fluctuations in the financial business in which the Company operates, Aryaman Capital Market Limited is exposed to various risks and uncertainties in the normal course of our business. Since such variations can cause deviations in the results from operations and affect our financial state, the focus on risk management continues to be high.

Aryaman Capital Market Limited, risk management strategy has product neutrality, speed of trade execution, reliability of access and delivery of service at its core. Multiple products and diverse revenue streams enable the Company to ensure continued offering of customized solutions to suit client needs at all times – good and bad.

State-of-the-art technology, experienced professionals, a highly qualified IT team for in-house software development, coupled with adequate back-up systems and compliance with regulatory norms insulate Aryaman Capital Market Limited from the vagaries of the financial business.

5) HUMAN RESOURCES:

Aryaman Capital Markets Ltd. is part of a dynamic and progressive group that actively fosters a challenging work environment and encourages Entrepreneurship. With trust being the critical part of our business belief, we lay a strong emphasis on integrity, teamwork, innovation, performance and partnership. Our professional staff with diverse backgrounds brings varied talent, knowledge and experience to the Group, helping our businesses to remain competitive, achieve greater

success and newer milestones. Our management team and board of directors are resolved to do what, we believe, is best for our shareholders, clients and associates.

At Aryaman Capital Market limited, we recruit for skill, experience, right attitude, commitment and diversity. However, the one common trait that runs through the DNA of every employee is entrepreneurship. We encourage our employees to act as owners, partners and managers of their individual functions while providing a conducive environment for them to be creative and productive.

6) OUTLOOK:

On the stock market front, out of 39 companies among the top 50 companies that have declared its fourth quarter results till now, 30 companies have reported increase in profitability quarter on quarter which is encouraging.

Commodity Upstream companies in general and Metals and Mining Sector in specific is expected to perform good during this Financial Year due to global increase in commodity prices whereas the margins of downstream companies like Auto Sector's margins are expected to be under pressure. Covid second wave lockdowns and increased crude oil prices can further weigh on their demand and profitability. Sugar, Fertilizer and Chemicals are the sectors which have performed really well in FY 2020-21 and expected to perform well for few more quarters.

On the rural front the demand remains strong and is expected to remain strong this year. Due to this the FMCG, Tractor, and other Agri related businesses are expected to show good growth momentum during the year.

On the valuations front Nifty50 is currently trading 29.48 times Price to Earnings and at 4.34 times Price to Book which are on the higher side compared to its 5-Year average.

Independent Auditor's Report

To
The members of
ARYAMAN CAPITAL MARKETS LIMITED

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **ARYAMAN CAPITAL MARKETS LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2021, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March, 2021, and the **net profit** (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described hereunder to be key audit matters to be communicated in our report.

Key audit matters	Auditor's response
Measurement of Revenue As per Ind AS 115, measurement of revenue to be made on transaction price.	Our audit procedure inter- alia included the following- • We used assessment of overall control environment relevant for measurement of revenue. • We performed testing of journal entries, with particular focus on manual adjustment to revenue account, to mitigate the risk of manipulation of revenue and profit figures.

Information other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, change in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for insuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain a reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise due to fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

(i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

(ii) Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our

opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

(iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

(iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statement, individually or in aggregate, makes it probable that the economic decision of reasonable knowledgeable user of the financial statement may be influenced.

We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and, (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonable be thought to bear on our independence, and where applicable, relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. ANNEXURE- B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub- section (3) of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **ARYAMAN CAPITAL MARKETS LIMITED** as on 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: -

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorizations of management and directors of the Company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may became inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on "the internal financial controls over financial reporting criteria considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

NOTES

To Financial Statements (Contd.)

Note 1:

A. CORPORATE INFORMATION:

Aryaman Capital Markets Limited is a public limited company domiciled in India with its registered office located at 60, Khatau Building, Ground Floor, Alkesh Dinesh Modi Marg, Fort, Mumbai - 400 001. The Company is listed on SME Platform of BSE Limited (BSE SME). The Company is engaged in the business of market making of SME Scrips listed on BSE

B. SIGNIFICANT ACCOUNTING POLICIES:

1. Basis of Preparation of Financial Statements:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with Division III of Schedule III of the Companies Act and Companies (Indian Accounting standards) Rules as amended from time to time and other related provisions of the Act.

The financial statements of the Company are prepared on the accrual basis of accounting and Historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

(i) Certain financial assets and liabilities are measured at Fair value (Refer note no. 7 below)

The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

The financial statements are presented in INR, the functional currency of the Company. Rounding of amounts All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2. Use of Estimates and judgments:

The preparation of the financial statements requires the Management to make, judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgments and key source of estimation uncertainty:

The Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

(a) Estimation of current tax expenses and payable - Refer note no. - 14 below

3. Property, plant and equipment (PPE)

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

NOTES
To Financial Statements (Contd.)

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

4. Intangible assets:

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

5. Depreciation and Amortization:

a) Property Plant and Equipment (PPE):

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

Estimated useful life is as below:
Computer - 3 Years
Furniture and fixtures - 10 years
Office equipments - 5 years
Leasehold premises - 60 years

b) Intangible Assets:

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. The amortisation period and the amortization method for finite life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively basis revised estimates.

6. Investment Properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on building is provided based on straight line method using the useful life as specified in schedule II of the Companies Act, 2013 .

7. Financial Instruments:

Financial Assets – Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments.

Equity Instruments:

Considering the entity's business model for managing equity instruments, the investments in equity shares have been recognised at fair value as on date of balance sheet. Fair value movements are recognised in the other comprehensive income (OCI).

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the 'Other income' line item.

NOTES
To Financial Statements (Contd.)

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable evidence including that which is forward looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12–months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

Derecognition:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or losses are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts:

NOTES
To Financial Statements (Contd.)

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

8. Fair Value Measurement:

The Company measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(a) In the principal market for the asset or liability, or
(b) In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

(i) Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
(ii) Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
(iii) Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

9. Inventories / Securities held for trading:

Inventories are valued at the lower of cost and net realizable value. Cost is computed on a weighted average basis. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale

10. Cash and Cash Equivalents:

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

11. Foreign Currency Transactions:

NOTES
To Financial Statements (Contd.)

a) Initial Recognition:
Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date:
Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

12. Revenue Recognition:

Rendering of Services:
Income from services rendered is recognised based on invoices raised for service provided on an accrual basis.
Revenue is measured at fair value of the consideration received or receivable, after deduction of any discounts and any taxes or duties collected on behalf of the government which are levied on sales such as Goods & Service tax, sales tax, value added tax, etc.

Interest:
Revenue is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable and based on Effective interest rate method.

Dividend:
Dividend Income is recognized when right to receive the same is established and shown as part of investment and dividend income.

13. Employee Benefits:

Employee Benefits: - The Company does not fall within the applicability of Employee Benefit plans.

14. Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

15. Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

16. Earnings Per Share:

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

17. Leases:

Where the Company is Lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on accrual basis as per the terms of agreements entered with the counter parties.

Where the Company is Lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in property, plant and equipment. The Company recognizes lease rentals from the property leased out, on accrual basis as per the terms of agreements entered with the counter parties. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss.

18. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

29. Financial instruments:

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- **Level 1:** quoted (unadjusted) prices in active markets for identical assets or liabilities.
- **Level 2:** other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- **Level 3:** techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

Fair value estimation:

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- **Level 1:** quoted prices for identical instruments
- **Level 2:** directly or indirectly observable market inputs, other than Level 1 inputs; and
- **Level 3:** inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:
For March 31, 2021:

Particulars	Level 1 INR Lacs	Level 2 INR Lacs	Level 3 INR Lacs
Assets at fair value			
- Investments	425.37	-	-

For March 31, 2020:

Particulars	Level 1 INR Lacs	Level 2 INR Lacs	Level 3 INR Lacs
Assets at fair value			
- Investments	525.77	-	-

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the period.

30. Financial risk factors:

The Company's principal financial liabilities comprise loans and borrowings, advances and trade and other payables. The purpose of these financial liabilities is to finance the Company's operations and to provide to support its operations. The Company's principal financial assets includes investments (Strategic and Non Strategic), loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company's activities exposes it to Liquidity Risk, Market Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below.

a) Liquidity risk:

NOTES

To Financial Statements (Contd.)

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintenance sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Company manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short tem and long term liabilities as and when due. Anticipated future cash flows are expected to be sufficient to meet the liquidity requirements of the Company. The Company does not have any undrawn borrowing facilities with the Banks/Financial institutions.

TOTAL	**3,282.75**	-	**3,282.75**	-

Unsecured Loans repayable on demand & Interest rate @9% p.a.

b) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include investment, deposits, foreign currency receivables and payables. The Company's treasury team manages the Market risk, which evaluates and exercises independent control over the entire process of market risk management.

(i) Foreign currency risk:

Foreign currency risk can only arise on financial instruments that are denominated in a currency other than the functional currency in which they are measured. The Company's functional and presentation currency is INR. The Company does not have any foreign currency transactions and hence is not exposed to the Foreign Currency Risks.

(ii) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's does not have any long term borrowings. Hence, the Company is not exposed to the interest rate risk.

(iii) Price Risk:

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet either at fair value through OCI or at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

NOTES
