DISCLAIMER

SUNTECH INFRA SOLUTIONS LIMITED

This presentation and the accompanying slides (the "Presentation"), which have been prepared by Suntech Infra Solutions Limited (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentationism expressly excluded.

This presentation contains certain forward-looking statements concerning the Company's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward-looking statements become materially incorrect in future or update any forward-looking statements made from time to time by or on behalf of the Company.

COMPANY OVERVIEW

SUNTECH: B2B CONSTRUCTION & INFRASTRUCTURE SOLUTIONS

Suntech is a business-to-business (B2B) construction company engaged in civil construction services, including civil foundation works, structural works, and construction equipment renting on both a direct contracting and sub-contracting basis.

The company has successfully served clients in both the public and private sectors, delivering construction solutions across industries such as Power, Oil & Gas, Steel, Cement, Renewable Energy, Refineries, Petrochemical Plants, Fertilizer Plants, Process Plants, etc

Suntech has contributed significantly to urban and rural infrastructure development, undertaking projects such as bridges, metro rail systems, and irrigation systems.

The company has expertise in piling and foundation work, earthworks, bridges and flyovers, and industrial & commercial structures, and also provides construction equipment on rental/hiring basis.

Suntech is currently expanding its portfolio by venturing into Process Plant, Refineries, Port Constructions etc to further strengthen its infrastructure capabilities.

The company secures projects primarily through one-to-one negotiations and tenders, ensuring a steady pipeline of contracts.

The company is led by its promoters, Mr. Gaurav Gupta and Mr. Parveen Kumar Gupta, who have been instrumental in its growth. Mr. Gaurav Gupta, as the Managing Director, leads the company's overall management and strategic decision-making.

Suntech has evolved into a highly professional, reliable, and safety-focused construction service provider, known for its prompt execution, quality services, and customer satisfaction.

CONSTRUCTION EQUIPMENT RENTAL SERVICES

Suntech provides a complete range of earthmoving machines and heavy construction equipment on rent for various infrastructure and construction projects, including excavation, piling, road construction, and prestressed rock anchoring.

The company offers equipment from leading international brands such as BAUER, MAIT, SANY, XCMG, Putzmeister, schwing stetter, etc
Their rental business follows a time-based pricing model, allowing customers to pay based on equipment usage or rental duration, typically under a fixed fee structure.

This pricing model is widely used for renting heavy construction equipment to contractors and developers across infrastructure, road construction, and large-scale industrial and commercial projects.

Suntech's service scope includes:

- Providing appropriate and latest machinery to meet Client requirements.
- Providing skilled manpower for operation and maintenance.
- Mobilization and demobilization of equipments at client locations.
